## WORK EXPERIENCE

### A. F. Ferguson & Co. (a member firm of the PwC network)

*Audit Intern*

*Jun 2022 — 6 weeks*

- **Schlumberger Pakistan Annual Audit:** Highlighted red flags by comparing account heads on the financial statements to those of 2019 and 2020, and further attested the reasons of variance.

### E2 Consulting

*Financial Analyst Intern*

*Jul 2021 — 6 weeks*

- **Solar Power Feasibility Study:** Performed an economic analysis on the introduction of solar power in Pakistan for the Lantau Group (Hong Kong) which was looking to invest \$100 million in renewable energy.
- **Evaluation of Electricity Tariffs:** Curated a holistic excel model to justify the electricity tariffs for Trident Power's two hydro power projects worth \$24 million in total to NEPRA.

## PROJECTS

### Bulls and Bears — Stock Trading Competition

*LUMS Finance Society (FINTRA)*

Saved my department's almost failing flagship month-long stock trading competition by marketing the event strategically and restructuring the redundant information collection and sign-up method, increasing sign-ups by 550% within 3 days, and hosted the opening ceremony for it as well.

### Stock Valuation Projects (using Free Cash Flows Model)

*LUMS*

- Fauji Fertilizer Company: Worth PKR 127 a share at its peak, we recommended to buy at PKR 102 back in April 2021.
- Pak Suzuki Motor Company: Now worth PKR 180 a share, we deemed PSMC as a bad investment at PKR 220 a share back in December 2021.

### Research Paper on Low Self-Esteem and Drug-Use

*LUMS*

Curated an extensive research paper using regression analysis on R using 300+ data points that were collected via surveys and found a positive correlation between the two variables, inductively declaring how low self-esteem might be a cause of drug usage in teenagers.
